MTB

FULL SUSPENDED

Tecnologie recenti ed innovative abbinate a telai di ultimissima generazione per affrontare percorsi sempre più tecnici e sfidanti. Mtb versatili e piacevoli da guidare con geometrie sempre più aggressive in ottica racing equipaggiate con ruote da 27.5"+.

Recent and innovative technologies combined with the latest generation of frames to face increasingly technical and challenging trails. MTB versatile and pleasant to drive with more aggressive geometries for racing equipped with 27.5 "+.

ARIZONA
Perfette per affrontare discese con agilità e sicurezza. Le ruote e le gomme di dimensioni maggiorate permettono un'impronta a terra maggiore, senza che venga persa l'anima scattante della bici, migliorando comfort, divertimento e sicurezza. I perni passanti da 15x110 mm all'anteriore e 12 x148 mm al posteriore, sono più rigidi, più sicuri e più resistenti e garantiscono una maggiore precisione di guida.

The right choice to downhill easily and safety. The oversized wheels and tyres allow an higher tyre track without losing the nimbleness and the quickness of the bicycle, improving comfort, safety and fun. The 15x110 mm e-thru front axle and 12x1248 mm on the rear, oversized, are stiffer, safer, more resistant and they ensures a better driving precision.

MTB HARDTAIL

Rigidità, affIdabilità, resistenza e peso ridotto per una guida reattiva.

Le Mojag con telaio leggero in carbonio e ruota da 29" potranno soddisfare ogni aspettativa. Hanno mozzi Boost che consentono di aumentare la rigidità delle ruote e forcellino posteriore con attacco pinza freno che sfrutta lo standard Post Mount, movimento centrale con cuscinetti maggiorati sinonimo di rigidità e maggior durata.

Miwok e Patwin con telai da 29" e da 27.5" sono realizzate con telaio in alluminio 6061, lega ottimale sinonimo di resistenza e leggerezza. Due famiglie entry level ideali per approcciarsi al mondo delle MTB con successo.

Stifness, reliability, resistance and reduced weight for a more reactive drive.

Carbon monocoque frame and 29" wheels for Mojag. The front and rear Boost allow to increase the wheels stifness; they have the rear dropout that uses the standard Post Mount, bottom bracket with oversized bearings which means stiffnes and longer lasting.

Miwok and Patwin's frame are in alluminium 6061, optimal league synonymous of lasting and lightness. They are entry level bicycles ideal for a biker who want to approach to the MTB world with great success.
